

SealGreen Color Stain Primer

Size	Makes	Covers
Pint	Pint	500 sqft
Quart	Quart	1,000 sqft
50LB	50LB	20,000 sqft

Application –

- Mix entire contents of the container with clean water and stir gently for 5 minutes. Product may foam.
- Apply the mixed product with a garden pump sprayer equipped with a fan tip. Soak stain areas.
- Allow the product to penetrate for at least 5-10 minutes. Difficult cleaning tasks may require several applications. Agitation and contact time improve performance.
- Rinse with pressure washer outside or garden hose inside and a wet/dry shop vac.
