

SealGreen Cure & Seal

Size	Makes	Covers
Pint	2 Gallons	400 sqft
Quart	5 Gallons	1,000 sqft
Gallon	20 Gallons	4,000 sqft
5 Gallon	100 Gallons	10,000 sqft
55 Gallon	1,100 Gallons	110,000 sqft

Application –

- Mix SealGreen’s Concrete Cure & Seal Sealer concentrate in a bucket with water for ready to use sealer.
- Apply to concentrate which is “green” or still wet, using a hand-held pump sprayer with a fan tip.
- One Gallon of sealer should cover 350-400 sqft

For 3-5 year Maintenance:

(2.5 Gallons) for maintenance every 3-5 year treatment –

- Add the entire contents of 1 Quart of SealGreen Maintenance Sealer 2-1/4 Gallons of clean water and stir gently for 2 minutes.
 - This will make 500 sqft of ready to use sealer
- (2.5 Gallons) for maintenance every 3-5 year treatment –
- Add the entire contents of 1 Gallon of SealGreen Maintenance Sealer 9 Gallons of clean water and stir gently for 2 minutes.
 - This will make 2,000 sqft of ready to use sealer
