

SealGreen Kennel Concrete Sealer

Size	Makes	Covers
Pint	1 Gallon	200 sqft
Quart	2.5 Gallons	500 sqft
Gallon	10 Gallons	2,000 sqft
5 Gallons	50 Gallons	10,000 sqft
55 Gallons	550 Gallons	110,000 sqft

Application –

- Make sure surface to be sealed is free of debris and dirt by using SealGreen Kennel Cleaner. After clean, make sure the surface is dried thoroughly before sealing.
- Spray sealer lightly onto the surface using a low pressure garden sprayer with a fan tip.
- Using a string mop, spread the sealer evenly until concrete has a moist appearance. Repeat this process throughout the entire surface.
- Repeat this process until sealer beads on the surface when sprayed. Once sealer beads, the sealing process is complete.
