

SealGreen Sno-N-Ice Melter

Size	Makes	Covers
Emergency Kit	Emergency Kit (Quart)	120 sqft
30LB	30 LBs	1,800 sqft
50 LB	50 LBs	3,000 sqft

Application –

- Spread Sno-Ice-Melter across the area to be cleared.
- Product works best at temperatures above 20 degrees F.
- Sno-Ice-Melter creates dry, powdery snow which increases traction.
- Product will biodegrade, is essentially non-toxic to aquatic species, and is safe for vegetation.
